

MAG-BIT

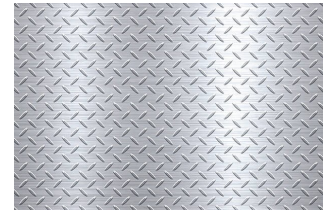

THIN WALL HOLESAWS

Faster, burr-free and cleaner cuts as compared with bi-metal holesaws

IDEAL FOR CUTTING:
SHEET METAL

PVC/PLASTIC

- **Bi-Metal teeth with COBALT finish**
- 1/4" QUICK CHANGE shank for a superior grip with drill chucks
- Heavy Duty ejector spring quickly and efficiently removes chip and debris
- Stop Shoulder feature prevents holesaw from going too deep into the drilling surface
- One piece welded design and construction
- Ideal for use with impact drivers and power drill machines
